

Buildnex — Customer Support Guidelines

Personalized Printing & Creative Gifts

Buildnex — Build. Scale. Grow.

Support information to collect

- Order ID or transaction reference, where available.
- Customer name and registered contact details.
- Product name and issue description.
- Photos/videos for damaged, defective, incorrect or quality-related complaints.
- Relevant screenshots, payment references or tracking information when applicable.

Support workflow

- Step 1: Understand the customer's issue and verify the order.
- Step 2: Check order, payment, production and shipping status.
- Step 3: Ask for evidence when required.
- Step 4: Explain the available resolution clearly.
- Step 5: Escalate cases involving payment disputes, repeated delivery failures, serious product defects, suspected fraud or unresolved complaints.

Communication standards

- Be polite, clear and professional.
- Do not promise a refund, replacement, delivery date or compensation before eligibility is verified.
- Do not request passwords, OTPs, card PINs or other sensitive authentication information.
- Keep customers informed when an issue requires additional investigation.

Personalized-product support

- For customized items, first compare the customer's submitted details with the confirmed order/design.
- If the product matches the approved customization, explain the applicable personalized-product policy.
- If Buildnex made an error or the product is materially defective, escalate for an appropriate resolution.

Customer Support Quick Reference

- Customization error — Compare submitted/approved customization with delivered product.
- Damaged product — Request clear photos/video and order details.
- Wrong product — Verify order details, dispatch information and delivered item.

- Payment issue — Check transaction status; never request OTP/PIN/password.
- Cancellation request — Check whether production has started.
- Shipping delay — Check tracking and estimated delivery timeline.
- Account issue — Verify customer identity using approved support process.
- Unresolved complaint — Escalate to the responsible support/admin team.
